

Audition Guide

[KEYS]

We're so happy you are interested in serving in worship!

As part of the audition process, we ask that you submit **video recordings of both songs listed**. Within each key folder, you'll find two audio files:

- A **reference track**, which contains the original part you'll be expected to learn and follow.
- An **audition track**, which is the version you'll use to record your audition. Once you're confident with the part, practice and record yourself using this track.

Please review the notes provided for each song below. They highlight what we're listening for and will help you prepare with clarity and confidence.

**All MP3s are copyright-protected and provided under our licensing agreement. They are to be used solely for the purpose of preparing for your audition. Please do not share or use these resources beyond this intended purpose.*

Song	Time + BPM	Key	Notes
Trust In God by Elevation Worship	6/8 74 BPM	C	<ul style="list-style-type: none">• Chord accuracy – Stick to the voicings from the reference track; no overplaying.• Rhythmic consistency – Lock in with the band and avoid dragging during down sections.• Confident lead lines – Play hooks with clarity and conviction when they're present.• Energy support – Use dynamics to help carry the momentum of the song.
The Blood by Bethel Music	4/4 74 BPM	G	<ul style="list-style-type: none">• Atmospheric playing – Focus on staying in the groove of the piano licks. Stay locked in to the click to mesh with the rest of the band, specifically from the beginning of the song to the Instrumental section, where it changes.• Emotional sensitivity – Less is more; play with restraint and intention.• Dynamic build – Rise gradually with the song, especially into the bridge and final choruses.• Blend – Support the overall mix rather than taking the spotlight.

If you have any questions regarding your audition, please contact our Worship Admin:
